## Fluoride Facts

Cavities used to be a fact of life. But over the past few decades, tooth decay has been reduced dramatically. The key reason: fluoride. Research has shown that fluoride reduces cavities in both children and adults. It also helps repair the early stages ... [Read Article](#)

### Side Note

#### FYI - Disinfection of Toys

For your child's safety and in the interest of quality infection control, all toys and Legos in our waiting room are disinfected with Lysol on a daily basis.
